PACIFIC COAST.

The Tilden Democratic Club of Saz Francisco Preparing for Battle. San Francisco, Oct. 18.—The Tilden Democratic Club, lately organized, have announced, under a resolution, their deion and re-election of Samuel J. Tilden ion and re-election of Samuel J. There as President of the United States. The constitution, when completed, will provide that any Democrat in this State can become a member on payment of \$1 admission fee and 25 cents monthly dues. The financial secretary is required to file a bond for \$2,000.

THE STATE PRISON WANTS MONEY. SACRAMENTO, Oct. 18 - The Board of State Prison Directors met with the Board of Examiners and presented a statement why there was a lack of means to conduct the prison at San Quentin, only about \$17,000 being on hand at the present time and the monthly expenses being nearly equal to that amount. The Board of Examiners decided they should request the Directors to make the statement in writing why such shortage ex-ists and what amount will be necessary to carry on the prison at San Quentin until such time as the Legislature shall again meet.

SUSPECTED WIFE MURDERER DISCHARGED MERCED, Cal., Oct. 18.—The case of Mrs. Griffith, charged with complicity with Summer in killing her husband came up to-day. After the examination of several witnesses and statement of counsel, she was discharged from custody. Sumner's examination is set for

CRIMES AND CASUALTIES. A Story of a Horrible Massacre b

Paris, Oct. 18.—Le Figaro publishes the narrative of a French officer containing the particulars of the massacre of the natives at Hue by French sailors. The story relates that after the natives The story relates that after the natives ceased to resist they were driven from the burning village unarmed and then shot down in a pile, the Frenchmen afterwards murdering the wounded.

A FIGHT BETWEEN SNOBS AND COLLEGIANS. SAN FRANCISCO. Oct. 18 .- A Princeton, N. J., special gives an account of the fight between a party of students and a number of snobs, as the collegians term the townsmen, and which apparently resulted in a draw, the students ently resulted in a draw, the students being successful in individual encounters but had to contend against superior numbers. The collegians were followed to the gates of the college by the town boys, but the college potice appeared and they were forced to desist. Great animosity exists between the town and college boys, but last night's row was the first of this season. About 150 freshmen and sophomores and between 400 and 500 snobs participated in the fight. It is expected hostilities will be renewed.

derbilt nearly lost his life vesterday at Fleetwood Park through ignorance of the race-track rules. His wagon collided with Bonner's, throwing him out nent member of the Union Club, diswas made for him, and when he gets behind a horse he bangs away for dear life and don't care who is coming. If I had anything to say I'd rule him off the track and force him to hire a fifty-acre lot, so that he could drive to his heart's content without interfering with gentle-men who look to the rights of others as

Chicago, Oct. 18.—The officials of the Western Union Telegraph Company at Chicago have caused the arrest of C. F. Van Winkle for tapping the wires and receiving Board of Trade quotations. A warrant is also out for the apprehension of Wm. Albern. A wire was found conof Wm. Albern. A wire was found con

GENERAL DISPATCHES.

St. Louis, Oct. 18.-Governor Crit tenden arrived here to-night and will appear before the Grand Jury to-morrow in connection with the investigatio of police affairs and the gamblers' ring.

The Northwest Wheat Crop Dam

St. PAUL. Oct. 18 .- The millers and rain dealers are in a state of perturbaion over well-authenticated reports of great damage to the wheat crops by the frost of Sept. 30th and succeeding nights. These authorities say the frost fairly froze the berry and chilled the life out of the grain, which had not then been cut, and which, it is estimated, rep-resented over a third of the entire crop.

New York, Oct. 18.—Mayor Low, of Brooklyn, was renominated to-night by the Republican City Convention. Woman Suffrage in Washington

PORTLAND, Or., Oct. 17.—An Olympia special says: The bill granting women the right of suffrage passed the House in the Washington Territory Legislature to-night. Vote stood 14 to 7. The result of the vote caused much excitement ong the friends of woman suffrage. Garfield Monument.

Benson, A. T., Oct. 18.—As a freight train was pulling out of here to-night, at eight o'clock, two engines and six freight cars went off the track, making a total wreck. Brakeman John S. Daily had his ankle dislocated. The engineers and firemen jumped from their angineers.

A Civil Rights Decision Denounced. Denver, Oct. 18.—The African Methodist Episcopal Church Conference, embracing several Western States, in session here, discussed the recent decision of the Judges of the U. S. Supreme Court on the Civil Rights bill, and denounced it in the strongest terms. Several very incendiary speeches were made. A bishop declared if negroes, rights were thus trampled upon, revolution would be the result. Bearner.

Two Men Arrested with Ports HALIFAX, Oct. 18 .- Two men no Holmes and Brackett have been arrested

DETAILS OF THE DEVILTRY. Halifax, Oct. 18.—Both prisoners deny the charge against them, and claim the protection of the American flag. They are evidently Irish-Americans, and denied knowing each other. Both are young men. Holmes was Boston, Oct. 18.—The Journal says asked what packages were in his valise, and replied that he did not know; they did not belong to him. One of the valises contained a hundred pounds of dynamite, of a powerful nature. Dynamite was found in the trunk and valise of Brackett. In both valises was a small clock. A watchmaker says con-nected with them is machinery to cause explosions. One of the weapons found on Holmes, on being discharged at one end a wire will ignite a fuse at the other end, and thus explode the dynam-ite, with which it will be connected.

There came near being a sad occurrence in Redwood canyon, near the reservoir, a week or so ago. A party of campers were located in that vicinity, when about dusk a boy passed the campand for fun imitated a coyote. One of the party took up his gun and was on the point of pulling the trigger when the youth, seeing that the hunter meant business, cried out in alarm, and just vegetables: business, cried out in alarm, and just saved himself from being perforated with buckshot.

As a well-known real estate agent who resides in East Los Angeles was passing through that suburb on his way to town, he met in the vicinity of Hancock Johnson's place, two individuals, one of whom bore a strik ing resemblance to the honorable gentleman, trudging wearily along with their faces turned towards the rising sun. They halted when they saw the real estate agent and asked him how far it was to town. He replied that going the way they were it was only 24,998 miles, but if they would turn around it would only be two miles. This, after some reflection, they did. It is supposed that the honorable gentlemen became so absorbed in their discussion of the polluting public school from that well-known real estate agent who resides

PERSONAL MENTION.

Miss Laura Bailey of San Jose is in this Valuable Report of the City Surcity visiting friends vevor to the Council. Hon. J. G. Estudillo returned yesterday

from San Francisco. Mr. Ed. Germain and wife Number and Names of Zanias-Area Irrigate —Pipes Bequired and Aiready Laid— Much Timely Information. from their bridal tour yesterday. are visiting friends in this city.

The City Surveyor, Capt. Knox, has prepared and presented to the Council an elaborate paper on the condition of the water supply of the city, which contains much valuable information for property holders to consider. The water question is at present the most important matter the city has to deal with, and the surveyor's paper enters, not only into the question of the irrigating supply, but also of our supply for domestic purposes. The facts he presents have been obtained by the most careful investigation and should be read by all who are interested in the city's welfare. The paper is too long to publish in full, but the substance of it is herewith given:

OUR WATER SUPPLY.

NUMBER OF ZANJAS—AREA IRRIGATED - PIPES REQUIRED. There are seventeen zanjas used at present to convey water to irrigators, and there to engage in business. their names and length in feet are given as follows: Zanja Madre, 10,560 feet; zanja 1, 13,200; zanja 2, 13,200: zanja 3, 13.200; zanja 4, 21,120; zanja 5, 25,080; zanja 6-1, 11,880; zanja 7, 19,800; upper 7, 6000; 8, 14.520: 8 R. 31.680: 9 E. 68.640: 9 R. 10.main supply, 15,840; woolen mills ditch,

The total area irrigated by these ditches amounts to 7366 acres. Eight ditches are already partially piped, and the total length of pipe laid amounts to 21,906 feet. Under the present system the length of pipe required to complete the work is 302,214 feet, and the total cost of construction is estimated at \$292,319.

DISTRIBUTION OF WATER. The waters of the Los Angeles river diverted for the purpose of irrigation are divided into eighteen equal irrigating heads. It is intended that each head shall deliver one hundred miner's inches the equivalent of which is 2.34 cubic feet ervoirs Nos. 4 and 5, the canal and reservoir ditch, and from reservoir No. 4, through the woolen mills ditch, zanjas 8 R and the Nicholls ditch. (2) On the middle level flows zanja upper 7, supplying a portion of East Los Angeles. (3) On the lower level flows zanja 7 with cart side of the river: the zanja Madre, supplying zanjas 3, 4, 5 and 8, and zanja 6-1, supplying zanjas 1 and 2.

CITY WATER COMPANY'S SUPPLY. In addition the City Water Company, under a franchise from the city diverts from the river a quantity of water suf-ficient to discharge continuously into the storage reservoir 4.60 cubic feet per sec-ond, and distributes the same for domes-Judge Hines did a land office business in his department of the Superior Court irrigation and for the use of the Fire De-

IMPROVEMENTS SUGGESTED.

The City Surveyor, after dwelling on the above points, goes on in his report suggesting methods by which the water service of the city may be improved. We quote the following:

"In my opinion the remedy (for an inadequate supply) is plain. Stop the waste in the carriage of water from the river to mischief in injuring a horse belonging to Mrs. Garcia, had his examination in Justice Morgan's court yesterday, and his trial was set for October 22d at 10 a. m.

A reduction on rates on barley to eastern points, via the Sunset route, has just been announced. Barley can now be shipped from San Francisco to New York and New Orleans at the rate of \$16; to St. Louis \$15.

Excursionists swarm on the streets of the city: All seem pleased with our country, and undoubtedly the county will receive many permanent accessions.

A project is on foot to build stairs up

There are grave doubts, however, whether the proposed system is the bestone that could be devised. Referring to the state is the sterning to the state is the sterning to the state in the state is the sterning to the state in the state, it will be seen that in zanja 9 E., after deducting the line of those. A Garey in defense of the latter's son, Andrew Garey, who was censured by Dr. Buttolph for having claimed the entire credit of the Duarte exhibit, and in addition, the waste in water carriage from the supply ditches to Reservoir 5 can be reduced from 75 per cent. to display the country and undoubtedly the county will receive many permanent accessions.

A project is on foot to build stairs up This is more particularly so from the fact that applications have been already made to your honorable body from

THE HILL RESIDENTS for relief from what they claim to be an oppressive monopoly. It is in your power to grant this relief, provided that you are intrusted with means to liquidate the cost, and it is undoubtedly the right of these applicants that their rights should be considered in any expenditures for the advancement of the general welfare.

The surveyor goes on to suggest that a board of three engineers be appointed to prepare and present plans at an early date, and points out the methods by which, in his opinion, they can work to the best advantage. His whole report is a timely and excellent

Cotton Growing in California.

Widow Strong, says the Merced Express, whose ranch is on the Merced river, near Hopeton, has under cultivation this year about 250 acres in cotton. It is cultivated by Chinamen on shares, and it is anticipated that the crop will yield about 190 bales of 450 pounds each. It is now in full bloom and some of it in the boll. The staple is not so fine and long as that of the Mississippi or Louisiana cotton, but is what would be termed in the New Orleans market as "middling." Although the crop is in a healthy looking condition and well cultivated, it is said not to be so good as that of last year. The stalks are nearly all of a uniform height and size, but not so long as the plant that grows in the Gulf States. The low land along the Merced river is well adapted to the raising of cotton, and it is profitable. Mrs. Strong anys she finds sale for her cotton in the Ban Francisco and Marysville. and it is anticipated that the crop will
